IN THE STATE OF NEW JERSEY

Scholarship Mission Statement: Mayflower Scholarships are awarded annually to New Jersey high school graduates by The Society of Mayflower Descendants in the State of New Jersey. The mission of this program has been to recognize deserving young people who have demonstrated an active interest in pursuing a higher education **related to United States History**, which will heighten their awareness of self-governance and enable them to become better prepared for life and citizenship.

History of the Scholarship: First awarded in 1990, the Mayflower Scholarship program complements the Society's other educational efforts and reflects our commitment to the education of New Jersey's youth in the importance of self-governance. Funded through gifts from our members, we are currently able to provide up to three such awards each year, using a competitive process to select winners and alternates from among those students meeting eligibility requirements. Each high school in New Jersey may select and nominate **no more than one student each year**. Financial need is not a factor.

Eligibility:

- Each applicant must be a resident of New Jersey and follow the application procedures.
- Currently in the upper fourth of the school's class (or have SAT or ACT total scores at or above the 75th percentile).
- Enter a four-year college or university or a two-year community college (as part of a four-year academic plan).

Award: The \$1,620 scholarship amount is payable to an awardee's tuition account.

Selection Process: The Scholarship Committee of The Society of Mayflower Descendants in the State of New Jersey makes the final selections of those to receive the scholarships from among all nominees with complete application packets.

Application Information: Our website (www.njmayflower.org) provides a downloadable PDF file of the **application packet** on its "Resources" page. In addition to an application form, the packets used in adjudicating the submissions must include a typed document with responses to seven items listed on bottom of the form as well as found in a separate WORD file of **instructions** that can also be downloaded from our website. The seven items include: High School Awards and Honors; High School Activities, exclusive of Community Service; Community Service, exclusive of High School Activities; Employment History, with most recent first; Colleges to which a nominee is applying; a **Short Essay describing the nominee's major selection**, the motivation in the selection, what is expected to learn, the skills, talents and interests that the nominee feels they have for this major and what they see themselves contributing to the field (not to exceed 500 words); and a **Short Essay where the nominee must select one side of an argument and defend their selection** (not to exceed 500 words). Along with an Academic Recommendation Form and a Character Reference Form, the application process also requires a copy of the nominee's official transcript and a Xerox copy of the nominee's official notification of SAT or ACT scores. A completed application packet **must be clearly** postmarked no later than March 15, 2019.

7. 2020 will mark the 400th anniversary of the historic landing of the Mayflower. After a perilous voyage, that lasted 65 days, they dropped anchor off the shores of Cape Cod and soon began sending out scouting parties to explore what they would hope was to become their new world one where they could finally live freely in celebrating their faith. But the Pilgrims were ill prepared for the harsh environment and very soon, no one could have anticipated that along with the extreme weather and lack of food, that it would lead to such deadly consequences. At the end of their first winter, nearly half of the Mayflower passengers and crew had perished due to starvation and disease. Despite the hardships and loss of life, guided only by faith and perseverance, they were more determined than ever to remain and build new lives. In Spring of 1621, they met a Native American, Squanto, who became their teacher, scout, friend and most importantly their negotiator as he forged a treaty that would last for the next fifty years, with local Native American leaders that allowed for peace between the two communities. With this treaty, their ability to live without fear, allowed them to concentrate building their settlements and continuing to learn what they must do to survive in their new land and prepare for the upcoming winter. Indeed, they began to thrive, flourishing enough food and supplies, that in the fall of 1621, they celebrated, along with their Native American alliance, which has become known as the first thanksgiving. The welcoming of the Pilgrims as immigrants is in stark contrast to the failed 1607 settlement of Jamestown and in present day Syria, where the horrors of Civil War have forced thousands of Syrians to flee their homeland in search of a new country where they could be safe. In an essay, provide compelling arguments & examples to help us better understand how efforts where immigrants and refugees are welcomed while many others seeking a better life have been catastrophic failures. This essay is not to exceed 500 words and the word count must be indicated at the end of the essay.
