

NEW JERSEY HISTORICAL SOCIETIES - In Partnership With SMD-NJ

Since 1982, the following Historical Societies listed below, joined in partnership with the SMD-NJ when they agreed to become on-going recipients of books and publications from The General Society of Mayflower Descendants (GSMD). GSMD meticulously investigates primary records that substantiate the identity of individuals and families that descend from the Pilgrims who traveled on the Mayflower in 1620. Known first as the 'Five Generations Project' these books, also called the Silver Books, are now being researched beyond the first five generations & even digitized. Our pink 'Mayflower Families in Progress' (MFIP) booklets are silver books in the making. These booklets are made available while new information is being researched. Once complete, they become silver books. GSMD makes them available in soft-cover so that the information can be published quickly enabling genealogists to use the new information while future research is underway. These avidly collected books are an invaluable tool in genealogy research! We invite you to visit one or more of the Historical Societies listed below, who will be happy to provide you with full access to our many Mayflower collections in their facility!
